

## Clonal Wine 3-Pack

*One Clone, Two Clone, Three Clone - 2012 Fiddlestix Pinot Noir*

*An incredible tasting in your own home!*

*Taste the place, taste the clones and educate your palate!*

Play winemaker for the day - educational, delicious and very unique!

Enjoy 3 related bottlings that are meant to be tasted simultaneously. Uncover the personality of a Pinot noir clone as a stand-alone and then observe the wine's changing textures and personality when clones are blended together. Each wine is fabulous in its own right, and each one has equally unique complexities to offer the palate. Your impression will change with every sip.

Great for parties, great for wine education and worth taking home multiple sets to re-taste many times over again...each time leads to a new discovery!
